

BookOfJulian

:BookOfJulian

introduction

⁰There is one God, who has spoken to no one.. ¹The Book of Julian is the first book of the Third Testament. ²It presents a philosophical framework that combines spiritual and scientific schools of thought. ³It draws primarily upon Christian theology and contemporary cosmology. ⁴Design principles of Book of Julian include:. Clarity

- Hierarchical Organization
- Images
- Diagrams
- Metaphors
- Examples

Brevity Accuracy

⁵When these principles are in conflict, simple expressions are preferred. ⁶The writings herein are so simple that a wise man can understand it by lunchtime, and a fool by sundown.
