

- - There is one God, who has spoken to no one.
- - The Book of Julian is the first book of the Third Testament
- It presents a philosophical framework that combines spiritual and scientific schools of thought
- It draws primarily upon Christian theology and contemporary cosmology
- - Design principles of Book of Julian include:
 - Clarity
 - Hierarchical Organization
 - Images
 - Diagrams
 - Metaphors
 - Examples Brevity Accuracy
 - - When these principles are in conflict, simple expressions are preferred
- The writings herein are so simple that a wise man can understand it by lunchtime, and a fool by sundown
- We remember the Christians, who established peaceful empires and banished slavery
- Blessed are those who forsake the darkness and choose to walk in the light
- To the followers of Allah, Brahma, Yahweh, you have been superseded. Those who continue in this path will be disadvantaged in this life, and discriminated against in the ascension. We'll try to be respectful, but also your ways are backwards and your ideas are stupid. You have failed to maintain the disciplines of science so now you will be discriminated against. Destruction will follow your family to the seventh generation. Annihilation will be suspended. You will be in anti-purgatory indefinitely. Bye
- woe to those who follow the old gods:
 - Yahweh, Allah, Brahma
 - Trouble will follow you through your lifetime
 - The world will hate you
 - you will be left behind in the ascension
 - You shall have no gods before the Creator
 - Thou shalt not make unto thee any graven image
 - Thou shalt not take the Creator's name in vain?
 - Thou shalt not murder
 - Thou shalt not commit adultery
 - Thou shalt not steal
 - Thou shalt not bear false witness against thy neighbour
 - Do not covet your peer's house or spouse, or anything belonging to your neighbor
 - There are four cardinal virtues
- - Prudence (....., phrón-sis; Latin: prudentia; also Wisdom, Sophia, sapientia), the ability to discern the appropriate course of action to be taken in a given situation at the appropriate time, with consideration of potential consequences.
- Justice (....., dikaiosýn-; Latin: iustitia): also considered as fairness;[3] the Greek word also having the meaning righteousness
- Fortitude (....., andreía; Latin: fortitudo): also termed courage: forbearance, strength, endurance, and the ability to confront fear, uncertainty, and intimidation
- Temperance (....., s-phrosýn-; Latin: temperantia): also known as restraint, the practice of self-control, abstinence, discretion, and moderation tempering the appetite. Plato considered s-phrosyn-, which may also be translated as sound-mindedness, to be the most important virtue.
- Remember the sabbath day, to keep it holy
- Honour thy father and thy mother

- Fourteen billion years ago, God created our universe
- It started from nothing, then expanded rapidly.
- And the earth was without form.
- 4.5 billion years ago, the earth coalesced.
- In orbit around the sun
